www.autorobotstrefa.pl

The main issues in the Quality Policy are:

1. Customer orientation,
2. Continuous development of the company,
3. Process development for quality improvement and cost optimization,
4. Staff responsibility and teamwork,
5. Risk and opportunity analysis,
6. Group specificity,
7. Environmental orientation.

In order to achieve the tasks assigned, AUTOROBOT-STREFA Sp. z o.o. defines the course of actions which aim at:

1. CUSTOMER SATISFACTION

by understanding and meeting his expectations and needs.

2. PROVIDING HIGH QUALITY OF PRODUCTS AND SERVICES

by constantly improving the Quality Management System for the implementation of the tasks outlined and to guarantee a constant level of quality, with the involvement and cooperation of the staff.

3. SATISFACTION FROM THE WORK RESULTS

by clearly determining the competences of employees, organizing work and coordinating activities to achieve satisfaction with the work performed and economic results.

4. IMPLEMENTATION OF NEWEST TECHNOLOGIES AND OPTIMISATION OF PRODUCTION PROCESSES

5. ADAPTATION TO THE GROUP'S RULES AND REQUIREMENTS

by establishing our own quality policy corresponding to the group's strategic quality objectives

6. COMPLIANCE WITH ENVIRONMENT PROTECTION PROCEDURES
